Provide AI Solutions

AI as a Service (AlaaS)

Sample AI Transformation Process

Sample AI Solutions for Industries

Ecommerce & Retails

- Smart locker
- Multi-camera tracking
- VIP & blacklist detection
- People counting
- Age & gender detection
- People heatmap
- Customer behavior in retail monitoring
- Smart call center assistant
- Warehouse access control
- AR packaging assistant
- Inventory alert
- Visual & voice search
- Virtual try-on
- Product recommendation
- Chatbots and virtual assistants

Manufacturing

- Defect detection
- Product sorting/counting
- Packaging information extraction
- Equipment/machinery data extraction
- Machine optimization
- Predictive maintenance
- Personal protective equipment (PPE) detection
- Smart locker
- Emergency notification monitoring
- Safety & security camera solutions
- Worker/partner/vehicle access control

Sample AI Solutions for Industries

Healthcare

- Medical documents extraction
- Sleep quality data analytics
- Sleep apnea detection
- Atrial fibrillation detection using ECG
- Customer service chatbot
- Smart call center assistant
- Fall detection
- Patient taking medication activities detection
- Tooth recognition & scoring

Agriculture

- Pest detection
- Fruit quality control
- Cattle monitoring
- Environment monitoring
- Soil data analytics

Security & Safety

- Access control
- Vehicle detection
- License plate recognition
- Parking lot detection
- Aggression/crowd/weapon detection
- Children/pet detection
- Intrusion detection
- Smart locker
- Emergency notification monitoring

Finance, Banking & Insurance

- Automated financial report
- Credit scoring & risk assessment
- Finance report mismatches detection
- Debt reminder
- Insurance claim payment process
- Vault access control
- Smart call center assistant
- Identity card & Driver's license parser
- Bank & tax statement OCR
